

CS-230 Group 36

Meeting Minutes - Week 2

Date and Time

Friday 25th October 2019

Meeting began at 14:20 and ended at 14:32

The shortened run time of this meeting is due to a CS230 lecture the same morning being dedicated to working on the group coursework, as a result many things due to be discussed in this meeting had already been discussed rendering this meeting nothing more than a formality.

Attendance

- Samuel Roach
- Blake Davies
- George Carpenter
- Angelo Balistoy
- Ioan Mazurca
- Chukwuka Ajeh

Topics

- Purpose of Meeting
 - Update on progress of tasks and reallocation of any outstanding tasks
- Teams
 - Discussed clarifications on the team tasks
 - Both teams will be responsible of checking over all work from both sub teams
 - Finalised file format
 - Class hierarchy
- Team UML
 - Will be responsible fixing any mistakes and detailing all arrows and UML boxes
- Team CRC
 - Will be responsible for completing any outstanding classes that need to be converted to a CRC
- Contribution
 - All members contributions have been enough, and no issues were raised. As such, all contributions have been rated as equal and 'pay' will be divided equally

Progress

In the past week, class hierarchy has been established, CRC cards and UML models have been made and revised accordingly after further discussion.

To-do

- Mazi is to finish the CRC cards for the cell class and all subsequent subclasses
 - There are also a few last CRCs that must be finished
 - e.g menu, userProfile & leaderboard
 - These will be checked over for any typos or mistakes
- UML needs editing, few arrows need to be rearranged and detailing
- Class hierarchy has been finalised. Will be checked over for any typos or mistakes
- specify the most complex behaviours and author the classes
 - Enemy interaction with player (smart targeting)
 - Player interaction with items
 - Player interaction with door
 - Calling and loading leaderboards
 - Saving and loading game state
- enemies treat each other as walls - enemy collision
- Sub teams stay as they are but are to complete anything outstanding
- UML and CRC file format and class hierarchy should all be finished by Wednesday for typos and checking to be done Friday

Next Meeting

- Wednesday 30th October
 - This will be another informal catch up meeting
- Friday 1st November
 - This will our standard weekly meeting
- Friday 8th November
 - This will our fortnightly meeting with Monika, our Academic Mentor
